**IT'S LIB DEM
JAMES WRIGHT
OR THE LABOUR PARTY
IN EATON WARD**

Get to know Cllr James Wright

James has served as a City Councillor for Eaton since 2010, and this year has had the

honour of representing the whole city as your Lord Mayor.

Born and raised in Norwich, he spent the first few years living in Eaton, before moving closer to the city.

Having completed his studies at City College, James began a career in IT, initially commuting to London where he worked for the BBC on IT projects, and a medical education company where latterly the role as global head of IT saw time split between London and the east coast of the USA.

In 2006 he began IT work in Norwich, where he has spent nearly the last 20 years providing IT services to various local schools.

James takes a particular interest in education matters and has served as a school governor for 15 years, including as chair of governors for over a decade.

James has been a Norwich City season ticket holder for several years, and is a keen runner.

He is co-event director of Eaton junior parkrun which takes place in Eaton Park every Sunday morning.

NEWS & ACTION

Standing up for tenants

Eaton Lib Dems have uncovered local council properties that have been left empty for over 3 years.

What a waste when the waiting list is 4,500.

What a shocking example of how Labour waste resources. Lib Dems will hold them to account and insist that month by month the time to re-let a council home is reduced.

We also work with tenants when repairs have not been completed in good time - currently 3,600 outstanding across the city which is unacceptable.

Improving your public transport

Eaton Lib Dems believe that public transport is vital to tackle climate change, reduce congestion and to keep people active and independent.

We have listened to the issues around reliability of the 5B bus and fed those comments back to Konectbus.

In April we welcomed in a new service - the 6B - that will start in Eaton and finish at the Rail Station and Retail Park.

Norfolk's Police & Crime Commissioner:

In this set of local elections you'll also have a vote for Norfolk's next Police and Crime Commissioner. They are responsible for how our county is policed, setting budgets, and the information you get about local policing.

The Lib Dem candidate is John Crofts, a former headteacher and current Norfolk County Councillor. His priorities are:

- Restoring proper community policing.
- A guarantee that all burglaries will be attended and investigated by police.
- Support for victims of violence against women and girls.

John is keen to hear from anyone who has an interest in police and crime matters. Contact him on 07950 067028 or johnpcrofts@gmail.com.
