

Liberal Democrats James Hawketts

Norwich Deserves Local Accountability with the Liberal Democrats

It's The Local Lib Dem James Hawketts Or Complacent Labour Here in University Ward

-  **James is genuinely local**
None of the Labour councillors live here in the ward.
-  **James has a fresh perspective**
A young and energetic presence fighting for you on the council.
-  **James can keep things accountable**
Labour has dominated Norwich for decades with impunity.

These are LOCAL ELECTIONS for the Norwich City Council

James will work hard to give residents the representation they deserve

Dear Resident,

You deserve better local representation. You deserve someone who will always fight your corner, listen to your concerns, and keep in touch all year round. That's why I'm standing to be your city councillor.

You have 4 Labour councillors here in University Ward, though to many of you I know they may as well be invisible. The number of stories I've heard about ignored emails, unreturned calls, and letters unresponded to is very upsetting.

If elected I promise that I will be on the ball and working hard for my community. I live here, I work here, these are my streets as well as yours, and I think we've been let down by a Labour monopoly for far too long.

For some of you it may be the first time you have considered voting Liberal Democrat, but at local elections, what matters is standing up for our area, and pushing for the best deal possible. Wouldn't you rather a local champion focused on that instead of a Labour yes-person, following orders, who lives elsewhere in the city?

Our local democracy needs an energetic and committed opposition, holding feet to the fire.

All the best,

James Hawketts

Action This Year

Cleaning Up North Park Avenue

After years of council neglect and neither city and county council taking responsibility, James intervened to clean up a pedestrian path with local residents.

Calling for a Night-time Blue Bus

A Lib Dem motion calling for a night-time blue bus, keeping students safe and off the streets at night after a night out, was passed with unanimous approval.

Reporting Nuisance Parking

We have continued to press for action about nuisance parking, be it chewing verges near the Avenues, or clogging thoroughfare on Christchurch Rd.

Tourist Information Centre to be Restored

Thanks to Lib Dems on the city council, a Tourist Information Centre could be restored and in place by summer.

Norfolk's Police & Crime Commissioner:

In this set of local elections you'll also have a vote for Norfolk's next police and crime commissioner. They are responsible for how our county is policed, setting budgets, and the information you get about local policing.

The Lib Dem candidate is John Crofts, a former headteacher and current Norfolk County Councillor. His priorities are:

- Restoring proper community policing.
- A guarantee that all burglaries will be attended and investigated by police.
- Support for victims of violence against women and girls.

John is keen to hear from anyone who has an interest in police and crime. Contact him on 07950 067028 or johncrofts@gmail.com.

**Cllr John Crofts
Lib Dem Candidate**
